Introducción a la lingüística hispánica May 10 2022 Written entirely in Spanish, this is the ideal introduction to Spanish linguistics for students. Using clear explanations, it covers all the basic concepts required to study the structural aspects of the Spanish language - phonetics and phonology, morphology and syntax - as well as the history of Spanish, its dialects and linguistic variation. This second edition incorporates new features designed to enhance its usefulness for classroom teaching: chapters have been added on the sociolinguistics of Spanish in the USA, and on semantics and pragmatics. The chapter on syntax has been considerably expanded. Numerous exercises have been added throughout the book, as well as a new glossary to help with technical terms.

Historia de la Conquista de México Sep 14 2022 Historians are concerned today that the Spaniards' early accounts of their first experiences with the Indians in the Americas should be balanced with accounts from the Indian perspective. *We People Here* reflects that concern, bringing together important and revealing documents written in the Nahuatl language in sixteenth-century Mexico. James Lockhart's superior translation combines contemporary English with the most up-to-date, nuanced understanding of Nahuatl grammar and meaning. The foremost Nahuatl conquest account is Book Twelve of the Florentine Codex. In this monumental work, Fray Bernardino de Sahagún commissioned Nahuas to collect and record in their own language accounts of the conquest of Mexico; he then added a parallel Spanish account that is part summary, part elaboration of the Nahuatl. Now, for the first time, the Nahuatl and Spanish texts are together in one volume with en face English translations and reproductions of the copious illustrations from the Codex. Also included are five other Nahua conquest texts. Lockhart's introduction discusses each one individually, placing the narratives in context.

The Singapore and Melaka Straits Jan 26 2021 The Singapore and Melaka Straits are a place where regional and long-distance maritime trading networks converge, linking Europe, the Mediterranean, eastern Africa, the Arabian Peninsula and the Indian subcontinent with key centres of trade in Thailand, Indochina, insular Southeast Asia, China, Korea and Japan. The first half of the 17th century brought heightened political, commercial and diplomatic activity to this region. It had long been clear to both the Portuguese and the Dutch that whoever controlled the waters off modern Singapore gained a firm grip on regional as well as long-distance intra-Asian trade. By the early 1600s Portuguese power and prestige were waning and the arrival of the Dutch East India Company constituted a major threat. Moreover, the rapid expansion and growing power of the Acehnese Empire, and rivalry between Johor and Aceh, was creating a new context for European trade in Asia.

Lingüística Misionera III Jun 11 2022 This third volume on Missionary Linguistics focuses on morphology and syntax. It contains a selection of papers derived from the international conferences on missionary linguistics held in Hong Kong/Macau and Valladolid. As with the previous two volumes (2004, on general issues, and 2005, on orthography and phonology), this volume looks at methodology and descriptive techniques from a historical point of view, offering articles of interest to historiographers of linguistics, typologists, and descriptive linguists. It presents research into languages such as Tarasco (Pur'èpecha), Massachusett, Nahuatl, Conivo, Sipibo, Guaraní, Vietnamese, Tamil, Southern Min Chinese dialects, Mandarin Chinese, Arabic, Tagalog and other Austronesian languages, such as Yapese and Chamorro.

Hacia la Luz Blanca: Las Revelaciones del Arcángel Miguel Mar 28 2021 What happens to a soul after death? What is a register? What is it like in heaven? What is the best way to pray? Can the Bible and the Rue be viewed as accurate historical religious records or something else? These are some of the spiritual questions which are explored in *Into the White Light*. The author was awakened by a big, bright white light. As a professional psychic and medium she identified the energy as coming from a divine source. In subsequent visions the presence identified himself as Archangel Michael. As overseer of the Virtues and guide to light workers, he telepathically channeled a profoundly amazing body of spiritual myths, truths, and prophecies to the author. It begins with the time of the Creation and ends with prophecies for the 21st century, including the discovery of a new planet the angel calls Nebulon. It reads like a sacred book in the depth of knowledge the angel shared

because he told the author these truths as parables. It is a profoundly enlightening book for all faiths and for anyone on a spiritual path!

Tratado de la redondez de la tierra Jun 30 2021 Esta es la primera edicion critica en espanol del Tratado sobre la redondez de la Tierra, ensayo cosmologico y geografico nacido de la "ciencia infusa" (conocimiento transmitido por la divinidad), atribuido a Sor Maria de Jesus de Agreda (Agreda, Soria, Espana, 1602-1665). Maria Coronel de Arana es posiblemente una de las figuras mas misteriosas y controvertidas de la Edad Moderna. No solo como personaje historico o literario, su vida y su obra reunen numerosos aspectos aun por descifrar que han dado lugar a una sugerente mitologia cultural de dimension transatlantica, abierta a sumar nuevas interpretaciones y significados. Figura politica, teologica y legendaria, Sor Maria de Jesus de Agreda se transforma en un significante cultural que no deja de acumular capas de sentido. Una de ellas, todavia poco explorada, es la atribucion del Tratado sobre la redondez de la tierra. Este volumen indaga en las razones para la atribucion a Sor Maria de Jesus, considerando su dimension de imagen cultural y transoceanica que rebasa la individualidad concreta. Tratamos diferentes aspectos de la vida, la obra, el contexto cultural y la tradicion desde la que se la leyo y puede leerse tambien en el siglo XXI. El Tratado se enmarca en el espacio de produccion cultural femenina conventual, sin el que no puede entenderse la figura de la autora, ni la escritura de mujeres en la epoca, no solo observando los generos mas conocidos del convento, sino una tradicion todavia por recuperar: la del conocimiento cientifico, que, aunque presente entre sus muros, apenas ha recibido atencion critica.

Pan de Vida Eterna y Caliz de Eterna Salvacion Jul 12 2022 «Reflexiones sobre el sacerdocio bajo sus aspectos teológicos, filosóficos, pastorales, morales y litúrgicos, podría ser un subtítulo de la erudita obra: SACERDOTES PARA SIEMPRE del Padre CARLOS MIGUEL BUELA, Fundador del “Instituto del Verbo Encarnado” para misioneros ad Gentes y de las “Servidoras del Señor y de la Virgen de Matará”. Y con decir esto, ya tenemos

sobrada presentación para acreditar al autor, como experto en vocaciones sacerdotales y religiosas. Al respetable volumen de la obra, con más de 800 páginas, se agrega la fluidez y calidad de su escritura, constituyendo un arsenal de citas de textos escogidos de la Biblia, los Santos Padres, Mensajes Pontificios y Documentos Conciliares, especialmente de Trento y Vaticano II, síntesis este último Concilio Pastoral, de toda la doctrina católica, compendiada a su vez en el Catecismo de la Iglesia Católica» (Pbro.
