**The Oxford Handbook of Karl Barth Nov 11 2019
Karl Barth (1886-1968) is generally acknowledged**

to be the most important European Protestant theologian of the twentieth century, a figure whose importance for Christian thought compares with that of Augustine, Thomas Aquinas, John Calvin, Martin Luther, and Friedrich Schleiermacher. Author of the Epistle to the Romans, the multi-volume Church Dogmatics, and a wide range of other works - theological, exegetical, historical, political, pastoral, and homiletic - Barth has had significant and perduring influence on the contemporary study of theology and on the life of contemporary churches. In the last few decades, his work has been at the centre of some of the most important interpretative, critical, and constructive developments in in the fields of Christian theology, philosophy of religion, and religious studies. The Oxford Handbook of Karl Barth is the most expansive guide to Barth's work published to date. Comprising over forty original chapters, each of which is written by an expert in the field, the Handbook provides rich analysis of Barth's life and context, advances penetrating interpretations of the key elements of his thought, and opens and charts new paths for critical and constructive reflection. In the process, it seeks to illuminate the complex and challenging world of Barth's theology, to engage with it from multiple perspectives, and to communicate something of the joyful nature of theology as Barth conceived it. It will serve as an indispensable resource for undergraduates, postgraduates, academics, and general readers for years to come.

The Call to Discipleship Jun 30 2021 In this brief essay, drawn from **Church Dogmatics**, Barth articulates what it means to follow Jesus in faith. He emphasizes that discipleship involves a detachment from the authority of possessions, foregoing the pursuit of personal glory, challenging the fear and use of force, the dissolution of self-evident personal attachments, and a "better righteousness," which goes beyond actions to intentions and practices piety in secret. "The command of Jesus . . . is issued with all the freedom and sovereignty of grace against which there can be no legitimate objections, of which no one is worthy, for which there can be no preparation, which none can elect, and in the face of which there can be no qualification."

Reading the Gospels with Karl Barth Sep 02 2021 Over the course of his multivolume **Church Dogmatics**, Karl Barth not only cites thousands of Scripture texts but also offers extensive exegetical discussion of numerous passages. In this book twelve leading theologians and biblical scholars examine Barth's exegesis of particular passages in the Gospels. How does Barth's practice of theological exegesis play out in his reading of the Gospels? What are the fundamental features of Barth's interpretation of Gospel texts, and to what extent do they enliven theology, biblical studies, and ethics today? **Reading the Gospels with Karl Barth** explores answers to such questions and offers fresh stimulus for further study and discussion.

The Epistle to the Philippians Mar 08 2022 Karl Barth is known as one of the greatest Christian theologians of modern times. While Barth's writings are permeated by biblical citations and exegesis, there are only a few examples of Barth's interpretation of an entire biblical book. In this anniversary edition of The Epistle to the Philippians, Karl Barth's exposition of the book of Philippians is again made available. Two new introductory essays by Bruce L. McCormack and Francis B. Watson examine the significance of Barth's theological exegesis of Philippians and introduce Barth's approach to biblical interpretation.

***Theology of John Calvin* Nov 04 2021 This historically significant volume collects Karl Barth's lectures on John Calvin, delivered at the University of Göttingen in 1922. The book opens with an illuminating sketch of medieval theology, an appreciation of Luther's breakthrough, and a comparative study of the roles of Zwingli and Calvin. The main body of the work consists of an increasingly sympathetic, and at times amusing, account of Calvin's life up to his recall to Geneva. In the process, Barth examines and evaluates the early theological writings of Calvin, especially the first edition of the Institutes.**

Karl Barth Nov 23 2020 Ranked by many among the great theologians of church history, Karl Barth was the leading European theologian in the first half of

this century. His 1919 Romans signaled the end of the nineteenth century liberal theology, and his Church Dogmatics reconstructed Christian doctrine in a way that was both classical and modern. A champion of the freedom of the Christian community, Barth's theology links "the Bible and the newspaper," Christian doctrine with the ethical issues of politics and economics, justice and peace. This volume concentrates on the key texts and ideas in Barth's thought. It presents the essential Barth for students and the general reader. Clifford Green's introductory essay and comments on the selected texts set Barth in his historical context, chart the development of his thought and indicate the significance of his theology in the development of Christian theology as a whole. Substantial selections from Barth's work illustrate key themes: Barth's critique of liberal theology The Romans commentary and the Anselm study Revelation and biblical theology versus natural theology Christology, election, creation, reconciliation, the church Christian ethics; the church and public life Socialism; resistance to Nazism; the church as peacemaker

Reading Karl Barth Jan 18 2023 Karl Barth's 1922 The Epistle to the Romans is one of the most famous, notorious, and influential works in twentieth-century theology and biblical studies. It is also a famously and notoriously difficult and enigmatic work, especially as its historical context becomes more and more foreign. In this book, Kenneth Oakes provides historical background to

the writing of The Epistle to the Romans, an introduction and analysis of its main themes and terms, a running commentary on the text itself, and suggestions for further readings from Barth on some of the issues it raises. The volume not only offers orientation and assistance for those reading The Epistle to the Romans for the first time, it also deals with contemporary problems in current Barth scholarship regarding liberalism, dialectics, and analogy.

The Epistle to the Romans Dec 05 2021 This volume provides a much-needed English translation of the sixth edition of what is considered the fundamental text for fully understanding Barthianism.

Barth--who remains a powerful influence on European and American theology--argues that the modern Christian preacher and theologian face the same basic problems that confronted Paul.

Assessing the whole Protestant argument in relation to modern attitudes and problems, he focuses on topics such as Biblical exegesis; the interrelationship between theology, the Church, and religious experience; the relevance of the truth of the Bible to culture; and what preachers should preach.

**The Epistle to the Romans, by Karl Barth;
Translated from the 6th Edition by Edwyn C.
Hoskyns Jun 11 2022**

Community, State, and Church Jul 20 2020 Karl Barth was the master theologian of our age. Whenever men in the past generation have reflected deeply on the ultimate problems of life and faith,

they have done so in a way that bears the mark of the intellectual revolution let loose by this Swiss thinker. But his life was not simply one of quiet reflection and scholarship. He was obliged to do his thinking and writing in one of the stormiest periods of history, and he always attempted to speak to the problems and concerns of the time. In June 1933 he emerged as the theologian of the Confessional movement, which was attempting to preserve the integrity of the Evangelical Church in Germany against corruption from within and terror from without. His leadership in this struggle against Nazism also made it necessary for him to say something about the totalitarianism that the Soviet power was clamping down upon a large part of Europe. In this indirect way, a Barthian social philosophy emerged, and this theologian, who abjured apologetics and desired nothing but to expound the Word of God, was compelled by circumstances to propound views on society and the state that make him one of the most influential social thinkers of our time. David Haddorff is Associate Professor of Theology and Religious Studies at St. John's University, New York. He is the author of several articles and reviews, and the book: Dependence and Freedom: The Moral Thought of Horace Bushnell (1994). Table of Contents: Introduction by David Haddorff - Karl Barth's Theological Politics 1 Gospel and Law 71 Church and State 101 The Christian Community and the Civil Community 149 Bibliography 191 Christ and Adam Sep 14 2022 In this essay, Barth

discusses the relationship between Christ and Adam as understood by Paul. Moving beyond traditional exegetical and theological scholarship done on Romans 5, Barth offers an entirely new interpretation of the conception of humanity presented in Paul's view of the Christ-Adam relationship. A valid contribution to the interpretation of Romans 5, 'Christ and Adam' is also an example of Barth's exegetical method and provides insight into his broader theological project.

Into the Silent Land Jun 18 2020 Sitting in stillness, the practice of meditation, and the cultivation of awareness are commonly thought to be the preserves of Hindus and Buddhists. Martin Laird shows that the Christian tradition of contemplation has its own refined teachings on using a prayer word to focus the mind, working with the breath to cultivate stillness, and the practice of inner vigilance or awareness. But this book is not a mere historical survey of these teachings. In Into the Silent Land, we see the ancient wisdom of both the Christian East and West brought sharply to bear on the modern-day longing for radical openness to God in the depths of the heart. Laird's book is not like the many presentations for beginners. While useful for those just starting out, this book serves especially as a guide for those who desire to journey yet deeper into the silence of God. The heart of the book focuses on negotiating key moments of struggle on the contemplative path, when the whirlwind of distractions or the brick wall of boredom makes it difficult to continue. Laird shows

that these inner struggles, even wounds, that any person of prayer must face, are like riddles, trying to draw out of us our own inner silence. Ultimately Laird shows how the wounds we loathe become vehicles of the healing silence we seek, beyond technique and achievement. Throughout the language is fresh, direct, and focused on real-life examples of people whose lives are incomparably enriched by the practice of contemplation.

How to Read Karl Barth Feb 24 2021 This critical study decodes the most cryptic and elusive patterns of Karl Barth's dialectic. Hunsinger not only offers a new and authoritative interpretation of Barth's mature theology, but also places Barth's work in relation to contemporary discussions of truth, justified belief, double agency, and religious pluralism. Through a fresh and compelling reading of Church Dogmatics, Hunsinger offers a new account of the coherence of that work as a whole.

Karl Barth on the Filioque Apr 28 2021 Despite the burgeoning literature on Karl Barth, his doctrine of the Holy Spirit continues to be under-appreciated by his friends and critics alike. Yet, while Barth's commitment to the doctrine of the procession of the Holy Spirit from the Father and the Son (Filioque) is well-known, many scholars dismiss his stand as ecumenically untenable and few have bothered to subject his stance on the Filioque to close theological analysis. For those interested in this long-standing ecumenical point of contention between Eastern and Western trinitarian theology, this book will show how Barth's doctrine of the

Filioque may still have something to contribute to the debate. The work traces the origin of Barth's commitment to the Filioque in his early career (particularly in Romans and the Göttingen Dogmatics), and then analyzes how the doctrine functions throughout the Church Dogmatics. Guretzki concludes that Barth's doctrine of the Filioque, while clearly standing within the Western trinitarian tradition, is atypical in that he refuses to speak of a "double-procession" in favour of a "common procession" of the Spirit—a position that has more affinity with the Eastern position than many of Barth's critics may have thought

***Dogmatics in Outline* Apr 09 2022 Barth stands before us as the greatest theologian of the twentieth century, yet the massive corpus of work which he left behind, the multi volume Church Dogmatics, can seem daunting and formidable to readers today. Fortunately his *Dogmatics in Outline* first published in English in 1949, contains in brilliantly concentrated form even in shorthand, the essential tenets of his thinking. Built around the assertions made in the Apostles Creed the book consists of a series of reflections on the foundation stones of Christian doctrine. Because *Dogmatics in Outline* derives from very particular circumstances namely the lectures Barth gave in war-shattered Germany in 1946, it has an urgency and a compassion which lend the text a powerful simplicity. Despite its brevity the book makes a tremendous impact, which in this new edition will now be felt by a fresh generation of readers.**

Karl Barth's Epistle to the Romans Oct 15 2022

This volume considers Karl Barth's first major publication, his commentary on the apostle Paul's epistle to the Romans in its two editions (1919 and 1922), analyzing both its contents and its relevance today. The volume includes essays by specialia

Karl Barth on the Filioque Jan 14 2020 Despite the burgeoning literature on Karl Barth, his doctrine of the Holy Spirit continues to be under-appreciated by his friends and critics alike. Yet, while Barth's commitment to the doctrine of the procession of the Holy Spirit from the Father and the Son (Filioque) is well-known, many scholars dismiss his stand as ecumenically untenable and few have bothered to subject his stance on the Filioque to close theological analysis. For those interested in this long-standing ecumenical point of contention between Eastern and Western trinitarian theology, this book will show how Barth's doctrine of the Filioque may still have something to contribute to the debate. The work traces the origin of Barth's commitment to the Filioque in his early career (particularly in Romans and the Göttingen Dogmatics), and then analyzes how the doctrine functions throughout the Church Dogmatics. Guretzki concludes that Barth's doctrine of the Filioque, while clearly standing within the Western trinitarian tradition, is atypical in that he refuses to speak of a "double-procession" in favour of a "common procession" of the Spirit—a position that has more affinity with the Eastern position than many of Barth's critics may have thought

Examining the Primary Influence on Karl Barth's "Epistle to the Romans". Dec 25 2020 Given the obscurity which envelops the question of intellectual influences on Karl Barth's Epistle to the Romans, it is the purpose of this work to examine the thesis provided by Bruce McCormack and to consider the themes and concepts of Romans II in order to account to what extent Barth employed Kierkegaard's own thought within this primary work.

Karl Barth Mar 16 2020 Karl Barth was a prolific theologian of the 20th century. This work places his theology in its social and political context from World War 1 to the Cold War.

The Theology of Karl Barth Feb 07 2022 Written in 1951 (with a second edition in 1961), this book takes its place within an impressive array of attempts to wrestle with Karl Barth's theology from a Catholic point of view. The book adopts the twofold strategy of presenting an exposition of "the whole of Barth's thought," while doing so for the purpose of a confessional dialogue among theologians. Not to be construed as an "Introduction to the Theology of Karl Barth, Balthasar's effort is to provide a Catholic response which, though not "official", nonetheless seeks to express a common direction and movement within Catholicism. The Theology of Karl BarthÊshows how a rethinking of basic issues in fundamental theologyÑconcerning the relation of nature and grace, philosophy and theology, the "analogy of being" and the "analogy of faith"Ñmight lead to a

rapprochement between the two great rivers of Christianity, without compromising the center of gravity of either. In the process the book makes a major contribution to renewed understanding of Christianity in a secularized modern world. Co-published with Communio Books. "No one should think he can quickly dispose of questions posed here offhandedly. It was precisely because writers were in the habit during the time of the Reformation of theologizing with a hammer that the split in the Church became irreparable. And to work at overcoming this split means much effort. Only the patient need apply." — Hans Urs von Balthasar

***Karl Barth* Jan 06 2022 Christiane Tietz relates Karl Barth's fascinating life in conflict - conflict with the theological mainstream, against National Socialism, and privately, under one roof with his wife and his mistress, in conflict with himself**

***Karl Barth's Critically Realistic Dialectical Theology* May 30 2021 Barth was perhaps the most influential theologian of the 20th century.**

McCormack demonstrates that the fundamental decision which would control the whole of Barth's development was already made when Barth was at work on his first commentary on Romans.

Wiley Blackwell Companion to Karl Barth Sep 21 2020 The most comprehensive scholarly survey of Karl Barth's theology ever published Karl Barth, arguably the most influential theologian of the 20th century, is widely considered one of the greatest thinkers within the history of the Christian tradition. Readers of Karl Barth often find his work

both familiar and strange: the questions he considers are the same as those Christian theologians have debated for centuries, but he often addresses these questions in new and surprising ways. The Wiley Blackwell Companion to Karl Barth helps readers understand Barth's theology and his place in the Christian tradition through a new lens. Covering nearly every topic related to Barth's life and thought, this work spans two volumes, comprising 66 in-depth chapters written by leading experts in the field. Volume One explores Barth's dogmatic theology in relation to traditional Christian theology, provides historical timelines of Barth's life and works, and discusses his significance and influence. Volume Two examines Barth's relationship to various figures, movements, traditions, religions, and events, while placing his thought in its theological, ecumenical, and historical context. This groundbreaking work: Places Barth into context with major figures in the history of Christian thought, presenting a critical dialogue between them Features contributions from a diverse team of scholars, each of whom are experts in the subject Provides new readers of Barth with an introduction to the most important questions, themes, and ideas in Barth's work Offers experienced readers fresh insights and interpretations that enrich their scholarship Edited by established scholars with expertise on Barth's life, his theology, and his significance in Christian tradition An important contribution to the field of Barth scholarship, the Wiley Blackwell Companion

to Karl Barth is an indispensable resource for scholars and students interested in the work of Karl Barth, modern theology, or systematic theology.

Alpha and Omega Oct 11 2019 The theology of Karl Barth, the world-renowned German religious philosopher, has won the interest of intelligent laymen as well as clergymen, seminarians, and students. This book is an analysis of the way in which Barth describes the existence of Christ as the beginning and end of human history. From the dominant cliché of modern theology--"Christianity is an historical religion"--it untangles three questions which it then directs to Barth's writings: 1. To what end does God rule human history? 2. In what sense does God have a history and what is the relation between His history and ours? 3. What does the Christian assertion that Jesus, an historical event, is the meaning of life, say about the meaning of reality? Through investigation of these questions, Alpha and Omega presents Barth's theology as an answer to the challenge presented by the loss of man's ancient belief in an eternal and unchanging framework and in a goal of life. The Church must speak to man as it finds him. Today it cannot assume that man already believes in "justice," "goodness," and "God." Christianity must learn to present Jesus Christ, in his unadulterated historical reality, as the meaning of man's life. Alpha and Omega shows that Barth's development of a proclamation in which Christ's life is seen as the unconditional goal of the history of creation, in which to live means to become Christ's brother and

share in His story, is one of theology's few live possibilities--if not the only one.

Karl Barth Aug 01 2021 Karl Barths work especially The Epistle to the Romans and Church Dogmatics changed the direction of modern theology. He has been called a modern church father. In this brief survey, Mueller one of his students at the University of Basel discusses Barths life and thought, theological development, central convictions, major concerns, and creative handling of difficult areas. About the Makers of the Modern Theological Mind series Who are the thinkers that have shaped Christian theology in our time? This series tries to answer that question by providing a reliable guide to the ideas of the men who have significantly charted the theological seas of our century. Each major theologian is examined carefully and critically his life, his theological method, his most germinal ideas, his weaknesses as a thinker, his place in the theological spectrum, and his chief contribution to the climate of theology today. Welcome to the series.

The Epistle to the Romans Feb 19 2023 Named one of Church Times's Best Christian Books This volume provides a much-needed English translation of the sixth edition of what is considered the fundamental text for fully understanding Barthianism.

Barth--who remains a powerful influence on European and American theology--argues that the modern Christian preacher and theologian face the same basic problems that confronted Paul. Assessing the whole Protestant argument in relation

to modern attitudes and problems, he focuses on topics such as Biblical exegesis; the interrelationship between theology, the Church, and religious experience; the relevance of the truth of the Bible to culture; and what preachers should preach.

**A Shorter Commentary on Romans by Karl Barth
Aug 13 2022 First published in 1959, Karl Barth's A Shorter Commentary on Romans originated as the manuscript for a course of extra-mural lectures held in Basle during the winter of 1940-41. During this time, Barth continued to resist the Nazi regime and its influence on the Reformed Church as he did when he was in Bonn. This reissue of Barth's A Shorter Commentary on Romans links to the renewed interest today in a 'theological' interpretation of Scripture. In response to the modern preoccupation with what lies behind the text (the author's context), and to a postmodern preoccupation with what lies in front of the text (the reader's context), both theologians and biblical scholars are asking the following questions: 'What is the relationship between the biblical text, interpreter and God?' 'Can the Bible be read both as an historical document and as a text that speaks to us today, and if so, how can it do so?' Barth's commentarial practice as exemplified in A Shorter Commentary on Romans answers these questions. This book is presented in two parts: first, an introduction by Maico Michielin helping readers understand Barth's theological exegetical approach to interpreting Scripture and showing readers how**

to let Scripture address theological and ethical concerns for today; the main body of the book then follows - the republication of the original English translation by D.H. van Daalen of Barth's A Shorter Commentary on Romans.

Evangelical Theology Mar 28 2021 In this concise presentation of evangelical theology -- the theology that first received expression in the New Testament writings and was later rediscovered by the Reformation -- Barth discusses the place of theology, theological existence, the threat to theology, and theological work.

Justification Feb 13 2020 Now, forty years since its original publication, Hans Kung's groundbreaking study--acclaimed as a model for ecumenical discussion--has become a classic work. Looking at the doctrine of justification as understood by the Protestant theologian Karl Barth in comparison to classic Roman Catholic theology, Kung found that the two had similar ideas about the main elements of justification. He argued there is fundamental agreement between Catholicism and Barth's doctrine and that the somewhat divergent viewpoints "would not warrant a division in the Church." This anniversary edition now features a new essay assessing Kung's work in light of contemporary ecumenical dialogues between Roman Catholics and Protestants.

Barth's Epistle to the Romans 1922 Oct 03 2021 This is an introduction to Karl Barth's groundbreaking commentary on St Paul's letters to the Romans from 1922 which laid the foundation to his

later theology. Without any doubt Karl Barth was the most influential Protestant theologian of the 20th century. It was his commentary on Paul's Epistle to the Romans that was to gain Barth's international reputation, long before the massive work of his Church Dogmatics. Barth's The Epistle to the Romans is a landmark of twentieth-century theological literature and still required reading for students of the history of modern Christian theology. It is also famously provocative and controversial. Its first appearance helped trigger a parting of ways between Protestant liberalism and the theology of crisis. Today, nearly a century later, it continues to generate widespread discussion among theologians, biblical scholars, and philosophers. This introduction to the text is the ideal companion to study, offering guidance on the theological and historical context, key themes, reception and influence.

Theology and Church Dec 13 2019 Karl Barth (1886-1968), the Swiss Reformed professor and pastor, was once described by Pope Pius XII as the most important theologian since Thomas Aquinas. As principal author of The Barmen Declaration, he was the intellectual leader of the German Confessing Church--the Protestant group that resisted the Third Reich. Barth's teaching career spanned nearly five decades. Removed from his post at Bonn by the Nazis in late 1934, Barth moved to Basel where he taught until 1962. Among Barth's many books, sermons, and essays are The Epistle to the Romans, Humanity of God, Evangelical

Theology, and Church Dogmatics.

***Karl Barth's Epistle to the Romans* Nov 16 2022**
Karl Barth's commentary on Paul's epistle to the Romans, in its two editions (1919 and 1922), is one of the most significant works published in Christian theology in the 20th century. This book, which landed "like a bombshell on the theologians' playground," still deserves close scrutiny one hundred years after its publication. In this volume, New Testament scholars, philosophers of religion and systematic theologians ponder the intricacies of Barth's "expressionistic" commentary, pointing out the ways in which Barth interprets Paul's epistle for his own day, how this actualized interpretation of the apostle's message challenged the theology of Barth's time, and how some of the insights he articulated in 1919 and in 1922 have shaped Christian theology up to our day. With his commentary, the young Swiss pastor paved the way for a renewed, intensely theological interpretation of the Scriptures. The volume thus centers on some of the key themes which run through Barth's commentary: faith as divine gift beyond any human experience or psychological data, the Easter event as the turning point of the world's history, God's judgment and mercy and God's one Word in Jesus Christ. This volume represents a major contribution to the interpretation of Karl Barth's early thought.

***The Epistle to the Philippians* Oct 23 2020 Dr**
Barth's exposition of Philippians, first published in German in 1927, was not available in English before this translation by Dr James Leitch. It has important

differences in procedure from the famous Romans, and should not be missed by any student of Dr Barth's development. The commentary is also of interest as having been written primarily for the non-theologian. It is intelligible without a knowledge of Greek, although it has insights for the New Testament specialist. Like the Epistle of joy itself, Dr Barth's Philippians reflects the concern of a pastor that ordinary Christians should set their priorities right.

The Word of God and Theology Jan 26 2021

Karl Barth May 18 2020 The thought of Karl Barth (1886-1968) has undergone a remarkable renewal of interest in the past twenty years. Joseph Mangina's Karl Barth: Theologian of Christian Witness offers a concise, accessible guide to this important Christian thinker. Uniquely among introductions to Barth, it also highlights his significance for Christian ecumenism. The first chapter describes Barth's extraordinary life, from his youthful break with liberalism during the First World War, to his mature theology in the Church Dogmatics. Subsequent chapters offer a detailed reading of this magisterial work, and place Barth in dialogue with five contemporary thinkers: George Lindbeck on revelation, Michael Wyschogrod on election, Stanley Hauerwas on creation, Robert Jenson on reconciliation, and Henri de Lubac on the church. These ecumenical conversations not only set Barth's thinking in greater relief, but serve to demonstrate its continuing theological fruitfulness. The book concludes by examining Barth's wider significance

for the church in our time.

Karl Barth: Introduction to Early Theology Aug 21 2020 A classic study of the development and influence of Barth's theology, and an exploration of the period in which the Barthian revolution was shaped.

***Karl Barth* Apr 16 2020** 'Karl Barth' is an unparalleled accomplishment. An authentic church father of the Post-Reformation era, the Basel professor's contributions to theology, the life of the church, and the world of culture and politics have been frequently noted. This work, however, presents extraordinary new information and insight based on his own correspondence and notes. What one finds in this work is Barth's own running commentary on events and people - from 1886 to 1968. Everything is depicted from his perspective and chiefly in his own words, and this is precisely what makes the volume so fascinating and valuable. The brilliance, wit, and humanity of Barth shine through everywhere as he is seen as son, brother, student, editor, friend, pastor, husband, father, soldier, teacher, theologian, church leader, political critic, polemicist, ecumenist, author, preacher, music lover, senior citizen. The gigantic theologian is here, but - even more - the man shines through. An abundance of pictures accompanies the text - most of them to be seen for the first time. The contents of this book are new and of utmost interest and importance. Readers not familiar with the accomplishment of Karl Barth will learn to know both the man and his thought. Specialists will for

the first time discern the figure behind the intellect. All who propose to understand the story of the twentieth century will be illumined by this book.

Reading Romans through the Centuries Jul 12 2022
What does it mean to be saved? Did God choose who would be his followers, or was it a personal choice? These are just some of the questions Paul addresses in the sixteen challenging chapters of his letter to the Romans. Reading Romans shows how some of the greatest minds in the history of the church have wrestled with, and even been changed by, Paul's words. For example, God used a passage from Romans to speak to the untamed heart of Augustine, and John Wesley said that after hearing Martin Luther's comments on Romans, he felt his heart "strangely warmed." This book will show why, in many ways, Christian theology begins and ends with Romans.

A Shorter Commentary on Romans Dec 17 2022
