The division between the Latin and Greek churches is one of the fields of research that best represents the complexity and richness of the medieval world and opens the way to a deeper understanding of contemporary religious and political issues. This volume, planned as a journey from the ninth to the fifteenth century and through three different linguistic areas (Greek, Latin and Slavic languages), contains twenty-five contributions ranging from large images of the main points of difference between churches (e.g. papal primacy and Filioque) to new editions of texts (e.g. Letter by John Dokeianos to John Moschos). The new analyzes proposed by this volume portray a lively community of well-known and young scholars who are radically changing the history of the Schism between Orthodox and Catholic Churches through new discoveries and revaluations of texts and events. Outstanding selection of tales include the celebrated "Cavalleria Rusticana" (Rustic Chivalry), "Nedda," "L'amante di Gramigna" (Gramigna's Mistress), "Reverie," "Jeli the Herdsman," "Nasty Redhead," and 6 others. Introduction. Notes. Nella "Fuga nelle tenebre", che fu pubblicata nel 1931, poco prima della morte dell'autore (ma la stesura originaria è degli anni 1912-1917), Schnitzler raggiunge la massima intensità di narratore. La storia è quella della graduale, consequenziale germinazione di un delirio. Qui il racconto non è, come sempre in Schnitzler, cosparso di accenni al fondo oscuro della psiche, ma in certo modo costringe quel fondo ad apparire in primo piano, sotto una luce fredda e limpida. Insediati all'interno della psiche del protagonista, assistiamo al primo infiltrarsi in essa di una serie di presentimenti e ammonimenti, che subito fanno oscillare tutta la realtà, gettandola in un'incertezza simile a quella dei sogni. Poi, in una progressione sempre più angosciosa, ci accorgiamo che ormai una rete di ossessioni si è posata sul mondo. A poco a poco, le sue maglie si stringono crudelmente e tutto ciò che avviene converge verso un unico punto di fuga: le tenebre. Come i cinque casi clinici di Freud appartengono, oltre che ai testi classici della psicoanalisi, alla grande letteratura del nostro secolo - sicché Dora e l'Uomo dei lupi e il piccolo Hans si sono ormai allineati accanto ai personaggi di Balzac e di Dostoevskij - così questo stupendo racconto di Schnitzler va anche letto

come un'analisi dell'insorgere di un delirio ossessivo, sbalorditiva per la sua nettezza, illuminante in ogni particolare, avvicinabile solo ai grandi testi di Freud. E la figura di Freud stesso sembrerebbe qui adombrata in uno dei personaggi: il dottor Leinbach, «spettatore molesto e filosofo».

Published in 1559 and appearing here for the first time in English, La Villa is a rare source of Renaissance landscape theory. Written by Bartolomeo Taegio, a Milanese jurist and man of letters, after his banishment (possibly for murder, Thomas E. Beck speculates), the text takes the form of a dialogue between two gentlemen, one a proponent of the country, the other of the city. While it is not a gardening treatise, La Villa reflects an aesthetic appreciation of the land in the Renaissance, reveals the symbolic and metaphorical significance of sixteenth-century gardens for their owners, and articulates a specific

philosophy about the interaction of nature and culture in the garden. This edition of the original Italian text and Beck's English translation is augmented with notes in which Beck identifies numerous references to literary sources in La Villa and more than 280 people and places mentioned in the dialogue. The introduction illuminates Taegio's life and intellectual activity, his obligations to his sources, the cultural context, and the place of La Villa in Renaissance villa literature. It also demonstrates the enduring relevance of La Villa for architecture and landscape architecture. La Villa makes a valuable contribution to the body of literature about place-making, precisely because it treats the villa as an idea and not as a building type. Their provocative manifestos and outrageous performances earned the Italian Futurists international fame but, surprisingly, very little recognition outside of Italy for their actual achievements. The few English and American critics who have studied the movement in any depth have focused on the first phase, which spanned the years 1909-15 and was centred in Milan, Rome, and Florence. By contrast, the second phase covered a much longer period and represented a pan-Italian phenomenon. Despite the wealth of material available about this later part of the movement, there has been little attempt to survey Futurist activity outside of the major geographical centres in any detail or to relate it to the Futurist mainstream. In *The Other Futurism*, Willard Bohn seeks to remedy this oversight by examining the work of Futurists in Venice, Padua, and Verona from 1909 to 1944. He considers these local artists and writers both in terms of their relationship with F.T. Marinetti, who remained the major theorist and organizer of Futurist activities, and of their own specific adaptations and appropriations of Futurist theory. Conceived as a combination literary history and critical study, *The Other Futurism* looks at particular examples of literature, visual arts, and the performing arts and, using a series of rare documents, sheds new light on the complex cultural and political issues at the heart of this neglected chapter in Italy's history. Examines the relationship of 46 passages compiled in the mid-sixteenth century from Leonardo's notebooks to his holograph writings on painting, providing a critical transcription newly

made from the Parte Prima of the Codex Urbinas and a new English translation, with a historical introduction in four chapters and scholarly notes. The present volume is the first study in the English language to focus specifically on Italian crime fiction, weaving together a historical perspective and a thematic approach, with a particular focus on the representation of space, especially city space, gender, and the tradition of impegno, the social and political engagement which characterised the Italian cultural and literary scene in the postwar period. The 8 chapters in this volume explore the distinctive features of the Italian tradition from the 1930s to the present, by focusing on a wide range of detective and crime novels by selected Italian writers, some of whom have an established international reputation, such as C. E. Gadda, L. Sciascia and U. Eco, whilst others may be relatively unknown, such as the new generation of crime writers of the Bologna school and Italian women crime writers. Each chapter examines a specific period, movement or group of writers, as well as engaging with broader debates over the contribution crime fiction makes more generally to contemporary Italian and European culture. The editor and contributors of this volume argue strongly in favour of reinstating crime fiction within the canon of Italian modern literature by presenting this once marginalised literary genre as a body of works which, when viewed without the artificial distinction between high and popular literature, shows a remarkable insight into Italy's postwar history, tracking its societal and political troubles and changes as well as often also engaging with metaphorical and philosophical notions of right or wrong, evil, redemption, and the search of the self. Viviamo in un mondo di tenebre. Gli uomini sono spenti, anime morte. Il mondo è senza futuro. Eppure nelle tenebre qualcuno splende come stelle nell'universo! The intersection of religious practice and theatricality has long been a subject of interest to scholars. This collection of twenty-two critical essays addresses the relationship between Roman Catholicism and films of the fantastic, which includes the genres of fantasy, horror, science fiction and the supernatural. The collection covers a range of North American and European films from Dracula and other vampire movies to Miracle at Fatima, The Exorcist,

Danny Boyle's Millions, The Others, Maurice Pialat's Sous le Soleil de Satan, the movies of Terry Gilliam and George Romero's zombie series. Collectively, these essays reveal the durability and thematic versatility of what the authors term the "Catholic fantastic." La tranquillità di un piccolo centro rurale viene scossa da una efferata e sanguinosa rapina in villa. Stesa a terra non rimane la vittima prescelta, bensì uno dei predoni, sospettato di appartenere a una delle tante bande che scorrazzano nel Bel Paese nella quasi assoluta impunità. Gerry Donati, un investigatore privato, viene incaricato di recuperare il cospicuo bottino che i compari del morto sono riusciti a portar via. Con l'ausilio di un singolare collaboratore, indaga mettendo a nudo vizi e debolezze di una società perbenista e tranquilla solo in apparenza, scoprendo scomode e insospettabili verità. La vicenda si svolge nella cornice della ricca provincia veneta, nella quale i radicati costumi locali si intrecciano con le problematiche ormai globali dei nostri tempi. La guerra è in corso quando Hugo compie undici anni e il ghetto della città ucraina in cui vive insieme alla madre è diventato un luogo ancora più insicuro. Dalla finestra dell'appartamento dove è rimasto solo con lei - il padre è stato spedito in un campo di lavoro - assiste alle deportazioni di uomini, donne, ragazzini come lui. Osserva quello che gli accade intorno, senza trovare un senso, e impara a non chiedere, ma ad ascoltare il silenzio tra le parole. E sarà proprio questa durissima educazione a permettergli di sopravvivere nell'unico rifugio che la madre, per disperazione, è riuscita a procurargli: lo sgabuzzino di un bordello, dove a occuparsi di lui è una prostituta, Mariana. Nascosto dietro la porta, in perenne attesa che si apra e arrivino un po' di cibo e di calore umano, Hugo sente quello che un ragazzino non dovrebbe sentire. Ma nelle tenebre giorno dopo giorno si fa largo la luce di Mariana, radiosa pur nelle sue intemperanze e nelle sue improvvise tristezze, focosa, seducente, profumata, irresistibilmente bella. Una magnifica, tragica creatura che gli insegna non soltanto i segreti del corpo e i turbamenti dell'amore, ma che cosa significa essere, fino in fondo e nel modo più importante, un uomo.
